

512 PORTABLE BLUETOOTH SPEAKER

SOUND YOU WON'T BELIEVE IN A SPEAKER THIS SIZE

AUDIOENGINE.COM

NOT JUST ANOTHER PORTABLE SPEAKER

THE 512 REALLY IS DIFFERENT

The 512 has a warm and inspiring voice, surprising imaging and a very large soundstage. Yep, sounds strange to write about things like soundstage and imaging with a little mouse speaker, but we wanted to bring something special to the portable speaker market.

Tight, firm bass, solid midrange, and clean, singing highs are what we worked for and we know you'll agree the 512 is more than just the typical battery-powered speaker.

 **audioengine**

EVERY APP EVERY DEVICE

WIRELESS THAT REALLY WORKS

The 512 Portable Speaker gives you Audioengine's trademark sound with an impressive battery life and long-range wireless. Stream instantly from all your favorite music services, apps, and devices.

Tidal, Spotify, Pandora... all your favorite streaming apps play instantly.

SMALL SPEAKERS BIG SOUND

SURPRISINGLY LOUD

Don't let its size fool you as this tiny portable speaker is packed with much more sound than you would expect.

ADVENTURE MODE

ALL YOUR MUSIC, WHEREVER YOU GO

The 512 has an impressive battery life to keep all your tunes going strong. And the 512 delivers with a rechargeable lithium-ion battery that charges fast and plays up to 12 hours.
